BLOOD POVERTY.—The cause of the debility to be met with in every walk of life may be traced to Poverty of the Blood. Too close application to business or study, late hours, dissipation, want of exercise or sleep, have enfeebled the digestive organs and rendered the blood thin, watery, and powerless to fulfil the great purposes for which it was created. What shall be done? Make an entire change for the better in your habits. Live a regular and wholesome life and take MALT BITTERS. This matchless Renovator of feeble and exhausted constitutions is rich in the elements that go to nourish and strengthen the blood. It perfects digestion, stimulates the liver, kidneys, and bowels, quiets the brain and nervous forces, and induces refreshing sleep.

SHAKERS'
SARSAPARILLA.
Prepared by the Canterbury Shakers from the roots of Sarsaparilla, Dandelion, Yellow Dock, Mandrake, Black Cohosh, Garget, Indian Hemp and the Berries of Juniper and Cubeb, united with Iodide of Potassium made by the Society.
It was the first as well as it is the best and purest of strengthening and purifying medicines called Sarsaparilla, being totally unlike all others in the variety, quality and quantity of its precious properties. It has been prescribed as the best by physicians and druggists for more than fifty years.
Gentlemen:—You ask my opinion of your Compound Syrup of Sarsaparilla, and I cheerfully add my testimony in favor of its use, especially in the scrofulous diathesis. I speak with confidence in regard to its curative qualities, for I have used it extensively in my practice for the past eighteen years. I have long considered it more valuable than any other preparation of Sarsaparilla with which I am acquainted, and I recommend it to my professional brethren who are not already familiar with its effects. Yours very truly,
S. M. DINSMOOR, M. D.
FRANCESTOWN, N. H., Dec. 2, 1878.
The Shakers' Sarsaparilla cleanses the blood of scrofula and scrofulous humors, regulates the stomach and bowels, cures disorders of the liver, kidneys and urinary organs, purifies the female system of weaknesses and debilitating humors, and eradicates the first symptoms of hereditary diseases in children and youth. It is truly a wonderful medicine for general and nervous debility, emaciation and dropsy.
Druggists may warrant as genuine every bottle bearing the signature of Thos. Corbett, its inventor.
Enquire for Corbett's Shakers' Sarsaparilla.

WEDNESDAY, APRIL 21, 1880.

National Republican Convention.

A National Convention of the Republican party will meet at Chicago on Thursday, the 3d day of June next, at 12 o'clock noon, for the nomination of candidates to be supported for President and Vice-President at the next election. Republicans and all who will co-operate with them in supporting the nominees of the party are invited to choose two delegates from each Congressional District, four at large from each State, two from each Territory, and two from the District of Columbia to represent them in the Convention.

J. D. CAMERON,
Chairman National Committee.

THOMAS B. KEOGH, Secretary.

THE BRILLIANT TRIUMPH.

During the past fortnight Senator Blaine, in advocating the claims of the loyal vessel-owners to reimbursement of war premiums out of the balance of the Geneva Award, has made it so uncomfortable for the Senatorial champions of the insurance companies that they have fallen back upon twitting him that he is "not a lawyer." In several of these encounters Senator Blaine's critics, including Thurman, Bayard, Davis and Carpenter, have been badly used up, and on Monday the latter made a great effort to retrieve his damaged prestige as a debater. He had made elaborate preparation, and fiercely attacked Mr. Blaine's positions, interlarding his argument with much satirical and discourteous personal allusion. The Boston *Journal's* special says the prospect of a sharp debate "attracted crowds to the galleries of the Senate Chamber to-day, including a score or more of Bostonians, and at one time there was a quorum of the House of Representatives on the floor. The political friends of Mr. Blaine were present in force ready to applaud when he made a telling point, and they certainly had reason to be proud of their favorite."

The same writer says: "When Senator Blaine finally took the floor it was soon evident that he had studied the weak points in what Carpenter had said, and was ready to let fly a volley of satire-tipped arrows with deadly aim. His sentences were terse, crisp, strong and entirely without ornamentation, but every one told."

Point after point of Carpenter's casuistry was exposed, the inconsistency of his own votes on the subject revealed, and the argument pressed home with such irresistible force that Carpenter lost his temper and resorted to the folly of pretending to doubt the authenticity of a well-known opinion prepared by Caleb Cushing. The *Journal* special says: "At the commencement of Mr. Blaine's remarks, his well modulated voice assumed a conversational tone, tinged with sarcastic bitterness as he occasionally indulged in bantering allusions to his alleged lack of legal education. As he proceeded he became more impressive in words and action, and before he had concluded he had advanced between the desks into the centre aisle, where, with head erect and sweeping gestures, he poured forth a flood of stirring eloquence, eliciting repeated applause. Mr. Carpenter attempted to reply and to humorously criticise some of Mr. Blaine's assertions, but he was not very successful."

KEARNEY IN DURANCE VILE.

In the San Francisco Police Court Monday forenoon the Prosecuting Attorney asked commitment for Denis Kearney, the Sand Lots incitor of mob violence. The latter was not present, but soon appeared with his counsel, who asked for a delay to enable him to make application to the Supreme Court for a writ of *habeas corpus*. The Court denied the request as unusual and extraordinary. The commitment was made out and Kearney, evidently greatly depressed and chagrined, was taken below, and in a few moments removed to a hack and driven to the House of Correction, where, after going through the hands of the barber and donning the convict's garb, he was placed in a cell. As he left the court room he asked the Judge if the commitment contained any reference to the provision of the new Constitution fixing eight hours as a day's labor. The Judge replied that the Superintendent of the House of Correction would see that he had sufficient work to do and not too much. Kearney's counsel will apply for a writ of *habeas corpus*, but it is not expected to avail the prisoner anything.

ILLINOIS.

[From the New York Tribune.]

The fight for the control of the Illinois delegation becomes more earnest every day. Over four weeks still remain before the Convention meets, and the friends of Grant and Blaine are preparing to make the best use of the intervening time. At present Blaine is undeniably ahead, having nearly twice as many delegates instructed for him as there are for Grant. The failure of the third-termers to capture the Sangamon County Convention will discourage them more than any event that has occurred thus far. That county was considered safe for a solid Grant delegation; but only a minority is said, on good authority, to be inclined that way. The Grant meeting held in Chicago last week was a pretty loud signal of distress. The friends of the Maine Senator are working energetically, and express confidence in their ability to control the State Convention, or at least prevent instructions and divide the delegation. Disinterested observers take the same view.

THE GOOD TEMPLARS.

An unusually large number of the prominent temperance men of the State have gathered in our city to attend the annual convention of the Grand Lodge of Good Templars, and yesterday's proceedings will be found reported in another column. The session will continue to-day and the meeting here bids fair to be one of the most pleasant and useful in the history of the order.

The sentiment of the States which must elect a Republican President, if one is to be elected at all, is clear and unmistakable. Why should it not be decisive? Wherever the Republican voters have had the opportunity of declaring their preference the response has almost uniformly indicated, first, the popularity of Mr. Blaine, and second, a widespread objection on principle to a third term.—*Philadelphia Press.*

The Providence *Journal's* Washington special says the friends of Mr. Blaine have returns from twelve counties in Illinois, showing that fifty-three delegates have been elected for Blaine, twenty-seven for Grant and three for Washburne.

THE CHICAGO CONVENTION.

PREFERENCES OF DELEGATES ALREADY CHOSEN AND PREDICTIONS AS TO PREFERENCES OF THOSE TO BE CHOSEN.

WASHINGTON, D. C., April 17, 1880.

To the Editor of the Whig and Courier:

I have been somewhat amused at the assertions of the Boston *Herald*, that my letter of March 26th, was written by Mr. J. W. Bartlett, formerly editor of the Boston *Traveller*, now the efficient Secretary of the National Blaine Club in this city. Mr. Bartlett was not the author of that letter, neither is he the author of this production: he never knew of, or saw the other letter, until he saw it in print, neither has he any knowledge of this one, nor was any of the information contained in the other letter or any contained in this, obtained from Mr. Bartlett. For the benefit of your readers, I desire to say that the writer is not an office holder, whh his political fortunes connected with the success, or failure of any candidate. The writer is, however, an ardent, stalwart Republican who desires to impartially survey the Presidential field and without personal bias to correctly report the political situation. The past week has been an important one politically. Four Republican State Conventions have been held and eighty delegates elected to the Chicago Convention, making the total number elected to date 324 out of the 756 delegates which will compose the Convention. From a personal knowledge of many of the delegates in the States already elected, we unhesitatingly classify them as follows, believing this table is formed with great accuracy.

Delegates already elected, 324.

	No. of delegates elected.	Blaine.	Grant.	Sherman.	Edmunds.	Washburne.
Connecticut	12	7	—	5	—	—
Indiana	30	23	2	5	—	—
Iowa	22	22	—	—	—	—

Washington	2	2	—	—	—	—
District of Columbia	2	1	1	—	—	—
Total	324	183	138	14	17	2

The States and Territories yet to elect, it is believed, will vote as follows, on first ballot:

	No. of delegates to be elected.	Blaine.	Grant.	Sherman.	Edmunds.	Washburne.
Alabama	20	—	20	—	—	—
Arkansas	12	—	12	—	—	—
California	12	12	—	—	—	—
Colorado	6	6	—	—	—	—

Illinois	42	22	20	—	—	—
Louisiana	16	—	10	6	—	—

Massachusetts	23	—	7	—	16	—
Michigan	22	22	—	—	—	—

Mississippi	16	—	16	—	—	—
Nebraska	6	6	—	—	—	—
Nevada	6	6	—	—	—	—
New Hampshire	10	10	—	—	—	—
New Jersey	18	12	6	—	—	—
North Carolina	12	—	6	6	—	—
Ohio	44	—	—	44	—	—
Oregon	6	6	—	—	—	—
South Carolina	14	7	2	5	—	—
Tennessee	24	6	14	4	—	—
Virginia	12	—	12	—	—	—
West Virginia	10	10	—	—	—	—
Wisconsin	20	20	—	—	—	—
Dakota	2	2	—	—	—	—
Idaho	2	2	—	—	—	—
New Mexico	2	2	—	—	—	—
Montana	2	2	—	—	—	—
Wyoming	2	2	—	—	—	—
Total	432	196	141	72	16	—

This would give the first ballot as follows:

Whole number of votes,	756
Necessary to a choice,	379
Blaine,	329
Grant,	299
Sherman,	9
Edmunds,	33
Washburne,	2
	756

It will be seen that 20 votes from Pennsylvania and 15 from New York are given to Mr. Blaine, and 4 from Kansas to Gen. Grant. If these 35 are taken from Mr. Blaine's column and given to Gen. Grant and the 4 are taken from Gen. Grant and given to Mr. Blaine, we have for Mr. Blaine, 299. For Gen. Grant, 329.

All the talk about nominating General Grant upon the first ballot is mere idle brag. No friend or partisan of General Grant, who possesses sufficient intelligence to survey the field, entertains this idea. We concede that Mr. Blaine will not receive the nomination upon the first ballot; but we confidently predict his nomination upon the second ballot. Why? First, it is conceded that so far as the popular choice is concerned, Mr. Blaine is the choice of a large majority of the Republican votes in this County. Second, it is admitted that a large majority of the sure Republican States desire the nomination of Senator Blaine. Third, General Grant is not the choice of the Republican voters of either Pennsylvania or New York. In Pennsylvania no one disputes this proposition and Senator Blaine finds here the positive assurance, from the delegates themselves, that if the Unit rule is adhered to, that he will receive the entire vote of Pennsylvania on the first ballot. In New York, one of the delegates at large to the Chicago Convention, a personal friend of Senator Conkling, who will himself on the first ballot vote for General Grant, has said to a new friend of Senator Blaine, "I concede that three-fifths of the Republicans of New York desire the nomination of Senator Blaine for the Presidency."

In Ohio, Mr. Blaine's friends will be so numerous in the State Convention that all doubt as to whom Ohio prefers will be set at rest. Ohio will give Secretary Sherman her 44 votes upon the first ballot, but they will surely be transferred to Senator Blaine upon the second ballot. In Illinois the friends of Mr. Blaine are making a gallant and successful fight. Were I permitted to give to the public the contents of many letters received from that State, the claim would be confidently made that Mr. Blaine would receive its entire vote.

The candidacy of Senator Edmunds is well understood here, to be directly in the interest of Grant and yet we find Massachusetts who is upon record in opposition to Grant, indirectly aiding him by supporting Edmunds. The contest, as Governor Boutwell said in the Massachusetts Convention, is between Gen. Grant and Senator Blaine—not that there are not other men in the Republican Party qualified to bear aloft the standard of the Party in the coming contest, but the predilections of the people are so settled that one of these men, will be nominated at Chicago. We believe it will be Senator Blaine, because it is conceded that the majority of not only the Republican States, but the vast majority of the members of, the Republican Party throughout this land demand his nomination. The feeble cry from Massachusetts that he cannot be elected, is best answered by the call that arose from every Republican State, including Massachusetts, in the last Presidential contest to Senator Blaine to take the stump and lead the party to victory.

A TORTUOUS POLITICIAN.

A BRIEF POLITICAL HISTORY OF THE CHAIRMAN OF THE DEMOCRATIC STATE CONVENTION.

[From the Kennebec Journal.]

F. B. Torrey in March, 1875, worked most earnestly and voted for Hon. William Rice, an unswerving Republican, for Mayor of Bath. F. B. Torrey in September, 1875, voted for Hon. Wm. Rice, a Republican, for Representative to the Legislature from Bath. F. B. Torrey in 1878, abandoned the old hard money principle of the Democracy, and gave adhesion to the Greenback delusion. F. B. Torrey presided over the hard-money Democratic convention in 1878, which nominated Maj. S. Clifford Belcher for Representative to Congress, but immediately abandoned Major Belcher and worked unitingly and voted for Solon Chase, the Maine agent of Greenbackism, for Representative to Congress. F. B. Torrey with Eben F. Pillsbury, fogled the nomination of Joseph L. Smith as Greenback candidate for Governor in 1879. F. B. Torrey, assisted in 1879 in nominating Alonzo Garcelon as Democratic candidate for Governor. F. B. Torrey in the political campaign of 1879 advocated the election of Joseph L. Smith as Governor, but voted for Bion Bradbury. F. B. Torrey endorsed the Garcelon infamy. F. B. Torrey took special pains to secure the disfranchisement of the town of Woolwich, after the citizens of that town had honestly expressed their preference at the polls. F. B. Torrey, in the recent municipal election at Bath, voted a full Republican ticket, consisting of a stalwart Republican for Mayor, and the regular Republican nominees for Alderman, Councilman, Warden, Ward Clerk and Constable. F. B. Torrey, March 3d, attempted to deceive his Democratic friends and associates on his committee, by publishing a letter in the *Argus*, giving the impression that he only voted for R. S. Hunt, Esq., as a temperance man. F. B. Torrey's solemn asseveration in the Bath *Times* that he was not one of the plotters in the desperate attempt to overthrow the will of the people, whilst Gov. Garcelon testifies before the Investigating Committee that he was in consultation with Torrey, especially on the question of aliens, which was for the purpose of counting out Senator Lamson from Sagadahoc.

The Democratic State Committee, after carefully reviewing Mr. Torrey's political eccentricities of the last few years, may find good evidence of his superior qualifications for the chairmanship of the State Committee of a party who would subvert the rights of the people as fairly and honestly expressed at the polls, although it would not be surprising if some one of the Democratic Committee might be heard to exclaim

"Hell gives him the art to reach the depths of sin,
But leaves him a wretched fool when he is in."

The Cincinnati *Enquirer* (Dem.) says that the fight over the constitutional amendments and at the township elections in Ohio was one where both parties did their utmost, and it gives the result of the voting in 75 counties, as follows: "Democratic, 150,340; Republican, 158,504. Total vote so far reported, 308,814, giving a Republican majority of 8,164 votes, or a gain of 11,233 to the Republicans in the same townships over the last elections. The total vote will be about 375,000, or 59,000 votes less than the highest total vote cast in 1876. In addition to this apparent Republican gain, the election machinery in several important Democratic cities has passed into their hands.

A final summary of the N. Y. *Tribune's* canvass of Pennsylvania Republican Committeemen, presents the significant result which has been apparent from the day the first returns were printed. The line was drawn squarely between Grant and Blaine; of 1,715 responses, only 78 have been in favor of other candidates. No less than 1,334 Committeemen declared for Mr. Blaine, only 300 for General Grant. With the working leaders of the party standing four to one for Blaine as against Grant, it is plain enough where four-fifths of the 68 votes Pennsylvania will have in the Chicago Convention properly belong.

It will be better known the last of June what this prophecy is worth, but we set it down here in order to remember that it is our belief to-day, that James G. Blaine will receive the nomination of the Chicago Convention as candidate for the next President of the United States. We predict this result largely upon the belief that Gen. Grant's name will be withdrawn before the Convention, as it now appears that he cannot raise the wave of popular enthusiasm which was expected to carry him again with irresistible triumph to the White House.—*Dantes (Mass.) Mirror.*

The Boston *Post* says of the Fusion programme in Maine:

"A Greenback State Convention has been called to meet at Bangor June 1, when a candidate for Governor will be nominated. The Democratic State Convention will be held the same day at Portland. It is probable that there will be but one nominee, and that a mass convention of Democrats and Greenbackers in the nature of a grand love feast will ratify the nomination. It is also proposed to make union nominations in each Congressional district and to wage a sharp and aggressive warfare for the success of the whole ticket.

FORTY-SIXTH CONGRESS—Second Session.

Senate.

WASHINGTON. April 20.

Bill to regulate compensation of night inspectors of customs placed on calendar.

Mr. Edmunds resumed his remarks on the Geneva Award bill, speaking against the payment of underwriters' claims.

Mr. Thurman followed Mr. Edmunds and showed that the awards were based on items submitted at Geneva, and the calling the claims by one name instead of another did not alter the fact that they were private claims. He combatted Mr. Edmunds' argument as to belligerent rights. Great Britain was not a belligerent. We were on friendly terms. If she was belligerent every contract between the citizens of the two countries were void. As to the argument that the war premium claims were withdrawn only to secure diplomatic advantages, Mr. Thurman said that if he could properly do so he might reveal some curious facts in this connection.

Mr. Blaine introduced a joint resolution authorizing the loan of tents, flag, etc., for the use of the militia of New Hampshire at their general muster Referred.

Bills passed: Appropriating $200,000 for public building in Denver; $150,000 for public building in Montgomery, Ala.; $30,000 for Marine Hospital in Memphis.

Mr. Blaine submitted telegrams from Geo. M. Barnard, and Geo. O. Shattuck of Boston, stating that Caleb Cushings letter in favor of war premiums was written at their request. Mr. Thurman expressed the hope that the bill would be voted on to-morrow, and on his motion, at 5:30 the Senate adjourned.

House.

Mr. McMahon moved that the House go into Committee of the Whole on the special deficiency bill, general debate to close in five minutes.

Mr. McMahon pressed his motion. The Republicans refusing to vote left the House without a quorum and a call of the House was ordered.

3 o'clock—House still in dead lock upon the question limiting debate upon special deficiency bill. Attempts to effect a compromise were in vain, and until 4:30 the time of the House was consumed in roll calls. At that time the House took a recess till 7:30. The evening session is for the consideration of pension bills.

MASSACHUSETTS.

Self-Guillotined.

BOSTON, April 20. S. M. Pillsbury, Jr., committed suicide in Chelsea, Sunday, with an ingeniously constructed guillotine of his own manufacture. The knife was made of a sharpened broad axe set in a heavily weighted block, balanced by a large watering pot filled with water and punched with two holes which allowed the water to escape gradually until the weight of the knife overbalanced it. He was found face downward with his head over a vessel filled with ether.

THE GREAT TORNADO.

Further Details of its Terrible Work

A Frightful Aggregate of Casualties.

REPORTS FROM VARIOUS POINTS.

Damage to the State University Buildings.

CHAMPAIGN, Ill., April 20. The State University suffered severely by the storm. A large part of the new main building was unroofed. The old university building, used as a dormitory, was wrecked and the western part completely leveled, the students just escaped. Many buildings in the city were badly damaged and a number of minor casualties are reported.

At El Paso.

EL PASO, Ill., April 20. The damage here aggregates many thousand dollars.

Incidents at Various Points, Etc.

ST. LOUIS, April 20. A child was found at Marshfield lodged in a tree, thirty feet above the ground, but slightly hurt.

Twelve doctors and nurses have left Rolla for that place. At Gray's Creek seven houses were demolished and several of the inmates injured. A log house was blown into a deep cut on the Missouri Pacific road at this point and a passenger train from the West ran into it ditching the engine and severely wounding the engineer and fireman. A special from Fulton, Calloway county, says the storm passed through there doing immense damage to farm property and destroying a number of houses. At New Bloomfield a woman was killed by a falling house and a negro girl by lightning. A terrific storm visited the southern part of Maniteau county, doing great injury to property and killing and wounding a number of persons. The storm first struck the little town of Barretsville, destroying almost every house in it. It then passed down the valley toward North Moreau, destroying nearly every building in its track. The names of nine killed are reported, and between twenty and thirty wounded.

In Wisconsin.

JANESVILLE, Wis., April 20. In ten miles in the track of the storm the destruction of property will take over $100,000 to replace. Some persons received dangerous injuries.

The Loss at Marshfield $600,000—The City in Ruins.

MARSHFIELD, Mo., April 20. The loss by the tornado is estimated at $600,000. Every business house in the city is in ruins. Of the eight hundred inhabitants of Marshfield seven-eighths are without house, clothing, food or means to procure them. The destruction and suffering are terrible. A great many bodies are lying in the Court House. Of the total number killed, which will not be far short of one hundred, not more than a dozen have been buried.

Subscriptions Forwarded—Further Details of the Disaster.

ST. LOUIS, April 20. A subscription of $2,200 was taken up on 'Change this noon for the sufferers, and more will be raised. Clothing, medical stores and other necessary supplies will be sent.

The storm seems to extend over a very large part of the State. Great destruction of property and loss of life occurred within a radius of fifty miles of Jefferson City. The house of Mr. Baker, five miles from that city, was destroyed and the whole family swept away in it, injuring them severely. The house of Mr. Wade was blown down and carried a considerable distance, and Joseph and Virgil Wade were injured. Mrs. John Zimmerman, living near Mr. Wade's, had her hip crushed. The farm building of Mr. Meyers was torn to pieces and Henry Eggers had his left leg broken, and Mrs. Antweiler was badly hurt. Enos Gordon was lifted into the air and carried some distance.

Great damage and loss of life are reported at Russellville, 35 miles southwest of Jefferson City, and in Morgan County, but nothing definite has been received from there.

In Calloway County in addition to those mentioned last night, four houses were demolished and a great amount of damage done to other dwellings.

A report from Texas County says the town of Licking was badly torn up and nearly half the place destroyed, but gives no details.

The Situation at Marshfield—Nearly Every Inhabitant Killed or Injured.

ST. LOUIS, April 20. The situation at Marshfield is more easy to-day and will improve as people become more calm. The excitement among them is the worst feature now. The dead are being buried as fast as possible and the carcasses of dead animals are being hauled away. It is utterly impossible to obtain an accurate list of the dead and wounded as no regular record has been kept and the people in present state of excitement cannot give information. There have been eighty-one coffins used, and there will probably be four or more deaths to-night. Six have died since last night. The wounded embrace nearly all the inhabitants of the town, and fifty or more of them are seriously hurt, and no doubt many will die. There are a good many dead children and negroes whose names cannot be learned. A great many of the wounded are so scattered that they cannot be found. Provisions were received to-day from several places west of here, including points in Texas, and they will make the people comfortable as to food for a short time. The State will furnish tents and such other means of shelter will be provided as circumstances will admit. There are now 62 wounded in the school building under the charge of physicians and nurses.

The Town of El Paso Destroyed.

LITTLE ROCK, April 20. The storm Sunday night destroyed the town of El Paso in White County; eight lives are known to have been lost. Advices from other points show the storm to have been widely prevalent in the Northern part of the State. In the neighborhood of Fayetteville and Dardanelle much damage and loss of life is reported.

The Country Laid Waste.

SPRINGFIELD, April 20. The tornado of Sunday night raged with great fury in the valley of the James River. Several miles South of here twenty-nine houses were destroyed and the country laid waste. Six are reported killed and twenty-seven wounded in that section.

WASHINGTON.

Proceedings of Congressional Committees.

WASHINGTON, April 20. The Ways and Means Committee will report favorably on Mr. Crapo's bill which provides that all materials or articles wholly of foreign growth or production which are manufactured in the United States and used in construction, equipment and repair of vessels to be employed in foreign trade, may be imported in bond under such regulations as the Secretary of the Treasury may prescribe, and that no duties be paid thereon.

Were man to conform *more* to the laws of health and of nature, and be less addicted to the gratification of his passions, it would not be necessary to advertise Fellows' Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightenment would indeed be marvellous. eod&w1w ap19

CHEESE COMPANY. At the annual meeting of the Milo Cheese Manufacturing Company held at Milo Monday, the following officers were elected for the ensuing year: Isaac Hanscom, President; Isaac Hanscom, B. F. Manter, C. A. Snow, Directors; H. F. Daggett, Secretary; H. T. Sherburne, Treasurer.

A PLEASANT GATHERING. Rev. E. W. Preble received a severe pounding last evening by the members of his society, who assembled at his residence on Essex street. The time was passed in a very social manner, and when the company disbanded they left many substantial tokens of their regard for the Reverend gentleman and his estimable wife.

IMPROVEMENTS AT KINEO. During the coming season Mr. Dennen, of the Kineo House, proposes to build a large platform between the present ladies' parlor and the annex. This platform will be covered, have large windows in the side and will afford an excellent opportunity for dancing and play-room for the children in wet weather. There is some talk of a new hotel another summer.

A PLEASANT SURPRISE PARTY. Members of the G. A. R., with their wives and daughters, to the number of about thirty, paid a surprise visit last evening to Comrade John F. Foster and his wife, at their residence on Hammond street. Readings, recitations and singing, interspersed with anecdotes of army life, caused the hours to pass swiftly by. An excellent collation was served, after which the party dispersed. All united in pronouncing it a pleasant affair.

JAMESON GUARDS. The Jameson Guards met at their Armory last evening for the purpose of reorganization. About one-half of the old members were re-enlisted and the remainder discharged. It is proposed to keep the company up to its old standard and the new men must be of good character and temperate habits. Lieut. Collins, Lieut. Lord, Corporal Klatt were appointed as Recruiting Committee. The indebtedness of the company does not exceed one hundred dollars and arrangements will soon be made to liquidate the amount.

A MAINE SOCIETY. There has been lately formed in Chicago an organization called the Society of the Sons of the State of Maine. Any man born in Maine, who is now a resident of Illinois is eligible for membership. The objects of the Society are to cultivate friendly relations with each other and to revive and perpetuate the memories of their early homes and native State. The regular meetings are held quarterly on the 15th of March, June, September and December. Judge Thomas Drummond is President.

THE MILITIA. The re-organization of the Maine militia will be completed in about ten days. Several new companies have been formed. There will be two regiments of 150 men each,—one east and one west of the Kennebec; also a battery of 150 men, in three sections,—one in Lewiston, one in Portland and one in Bangor. The companies have been weeded of unsoldiery and unprincipled men, and their places filled with gentlemen. The new militia of Maine will compare favorably with that of any other State in the Union.

ALMOST A FIRE. Our Garland correspondent writes: At about four o'clock Monday afternoon the cry of fire was started here and the "bucket brigade" soon came out in full force. The fire caught from sparks coming from the chimney in the ell of G. W. Otis' house about half a mile from the village. There was a high wind blowing at the time and it was thought that the buildings which were all connected must burn, but the fire was got under control after the roof on the main part was badly burned. The buildings were insured in the Piscataquis Mutual.

The Boston *Journal* says a telegram has been received from Capt. L. D. Fletcher, at New Orleans, announcing that he had been tried and acquitted of the charge brought against him of purposely casting away the brig Mariposa, of Stockton, Me., on Chandeleur Island.

SHIPPING. Monday morning there were 48 vessels on the Kennebec river between Augusta and Richmond, divided as follows: Three at Augusta, 3 at Hallowell, 2 at Farmingdale, 25 at Gardiner, 7 from Gardiner to Harward's road, and 8 from there to Richmond. Of these 5 were apparently going up river, loading; 3 were loading with lumber,—2 at Gardiner and 1 at South Gardiner. The balance were loading, or awaiting their turn, with ice.

FIRE AT CARROLL. Last Tuesday night the mill owned by Mr. J. W. Staples at Carroll was totally consumed by fire. Some men in the vicinity saw the light and gave the alarm, but by the time they reached the mill the roof had fallen in and it was impossible to save anything. The building contained a shingle machine, lath machine, grist mill and a large number of tools, all of which were ruined by the flames. The loss is a severe one for Mr. Staples, but the generous citizens of the town say they will put up a new frame and board and shingle it, while the Masons propose to replace the machinery.

BUSINESS NOTES. Capt. Chas. H. Beck has sold his granite quarry, on his farm on the road to Manchester, for $4,000 to Mr. Bodwell of the Hallowell Granite Company.——The shingle mill at Solon, managed by Moses French, is running night and day. They had over 200 cords of cedar on the start to manufacture.——Mr. S. A. Nye, of Fairfield, started his mill last Saturday with a full crew, and is sawing logs left over from last season. Messrs. E. Totman & Co. have also started their mill for the season. They employ thirty men and have a capacity of about 30.000 feet of lumber der day. They will probably manufacture about 5,000,000 feet during the season.

A SERIOUS ACCIDENT. A young man by the name of Fred T. Palmer met with a serious accident at High Head yesterday afternoon. He was engaged with other men in loading the three-masted schooner Jennie Carter, and at the time of the accident he was at work on a staging some feet above the vessel. In attempting to draw a cake of ice along the staging his hook slipped and he fell over backwards, a distance of fifteen feet, striking on his head. The crew immediately went to his assistance and he was taken to his home near by where a physician attended him. His head and face were badly bruised, but as no bones were broken it is hoped that his injuries are not of a serious nature.

MAINE POULTRY ASSOCIATION. At a meeting of the directors of this association held at Portland Monday morning, to consider the expediency of giving an exhibition the coming season, there was a full expression of opinion, and it was finally deemed not advisable. The last exhibition was probably one of the best poultry shows ever given in this country, and the prevailing idea was that the next one should, at least not fall behind that, and there would not be time this season for our fanciers to do justice to themselves or the association. It was finally decided to hold the next exhibition in that city, in January, 1882, when it was thought a display could be made excelling anything of the kind ever held.

SONS OF TEMPERANCE. The Semi-annual Session of the Grand Division Sons of Temperance of the State of Maine, will be held in Concert Hall, over Norombega, commencing at eight o'clock this evening. The following are representatives from Bangor Division No 14 S. of T.: Alpheus Lyon, Jacob L. Barker, William P. Hubbard, John Conant, E. H. Cass, William H. Hyde, M. C. Crossman, E. S. Gorham, William Walker, M. A. Walker, M. P. C. Withers, John S. Kimball, S. J. Pickard, John H. Kerr, H. M. Plaisted, A. F. Smith, G. S. Sullivan, Z. Pope Vose, G. W. Barrows, Edward P. Dunham, Herbert A. Fowler, J. W. Taney, R. W. Jameson, Wm. Norwood, George C. Lawrence, George W. Dunham, David G. Fowler.

SHIPPING CATTLE. Payson Tucker, the efficient Superintendent of the Maine Central Railroad, has recently addressed a circular to all agents of the road, which is an additional proof that he is the right man in the right place. The circular says: In loading cattle you will be particular to see that the following instructions are observed. There must be no larger number of cattle loaded in one car than can be so loaded as not to be crowded. The shipment of calves and their mothers, among other cattle must not be permitted. If loaded in the same car with other cattle, the shipper must pen off the calves, together with their mothers, from the other cattle. Calves and their mothers must not be separated. Calves shipped with their mothers must not be muzzled. All cars in which cows and young calves are loaded must be bedded by the shipper with straw or hay.

CHANFRAU IN "KIT." Seats may now be secured at Bugbee & Co.'s or the representation of "Kit, the Arkansas Traveller," in Norombega to-morrow evening. The New York *Graphic* says: "As a typical characterization, it challenges critical admiration, as one of the most consummate and complete ever given to the stage—the power and *vraisemblance* of the portraiture having commanded general recognition in its enduring popularity. For nearly nine years it has been the actor's *piece de resistance*; has been given in every first class theatre in the land, at Booth's, Niblo's Garden and the Grand Opera House, New York; and has realized for its fortunate possessor a profit variously estimated at from $50,000 to $75,000. At the Boston Theatre alone, which for the past nine years it has been the opening attraction of each season, "Kit" has netted Mr. Chanfrau something in excess of $40,000."

GOOD TEMPLARS.

Annual Session of the Grand Lodge.

The annual session of the Grand Lodge of Good Templars convened here yesterday morning in Music Hall, two hundred and fifty delegates being present. The day was devoted to the transaction of routine business. From the report of the Grand Secretary we learn that there are now 291 Lodges in the State with a membership of over 20,000. During the past six months 71 Lodges have been instituted, and some 3000 members added. The order is now in a flourishing condition. The Juvenile Department is also in a prosperous condition, 57 new temples having been organized the past year. At the evening session the following officers were elected:

G. W. Chief Templar, A. J. Chase, Deering.

G. W. Counsellor, T. R. Simonton, Camden.

G. W. Vice Templar, Mrs. I. A. Hodgdon, Waterville.

G. W. Secretary, Geo. E. Brackett, Belfast.

G. W. Treasurer, H. H. Burbank, Saco.

G. W. Chaplain, Rev. John Allen, Farmington.

G. W. Marshal, C. C. Lee, Foxcroft.

This is Mr. Brackett's sixth annual election as Grand Secretary.

The order of exercises for to-day will be as follows:

Wednesday forenoon, 8 o'clock, temperance experience meeting at hall; 9 o'clock, installation of officers, election of Representatives to R. W. G. L., and general business. Afternoon, 2 o'clock, reports of Committees, general business, and closing exercises. Evening, a public temperance meeting, under the auspices of the Order, at City Hall. This meeting will be addressed by several of the leading members and a cordial invitation is extended to all.

Ulcerative weaknesses and debilitating humors of females cured by Malt Bitters

"MY TORMENTED BACK," is the exclamation of more than one poor hardworking man and woman; do you know why it aches? It is because your kidneys are over-tasked and need sterngthening, and your system needs to be cleared of bad humors. Kdney Wert is the medicine you need. "It acts like a charm," says a well known physician, "I never knew it to fail."

WHAT THEY NEED.

Many persons feel unwell but they know not the cause. They lack physical strength and mental energy; they are deficient in vitality, and when feeling in that condition there is nothing in the world that will give such new life and strength to the system as the People's Favorite Tonic Bitters. They are not alcoholic, but purely vegetable. See advertisement. d&w2w ap15

CUTICURA

BLOOD AND SKIN HUMORS.

CUTICURA REMEDIES for the Treatment of Blood and Skin and Scalp Humors. When of Scrofulous, Cancerous, or Syphilitic origin, the Cuticura Resolvent is the principal remedy, and if there are at the same time Ulcers, Sores or other External Affections, then the Cuticura, assisted by the Cuticura Soap, must be used externally. If the disease is of the Skin and Scalp, the principal remedy will then be the Cuticura, with the Cuticura Soap, and such use of the Resolvent as is suggested by the following conditions: In all Skin and Scalp Diseases, when the skin is hot and dry, the blood feverish, the liver torpid, the bowels constipated, or when the virus of Scrofula or poison of Mercury is known to lurk in the system, or when the Constitution has been shattered by Malarial and Anti-Periodic Fevers and Debilitating Diseases, always take the Resolvent while using the Cuticura. A cure thus made will be permanent and satisfactory.

EGZEMA RODENT.

The Cuticura Remedies succeed where a Consultation of Physicians fails.

Messrs. WEEKS & POTTER: Gentlemen,—I have suffered over thirteen years with skin disease in my hands and limbs, causing constant irritation, depriving me of rest and attention to business.

I sought many remedies here and elsewhere, also use of sulphur baths, without permanent cure.

Last May a physician called my disease Eczema Rodent,—spots appeared on my hands, head, and face, eyes became much inflamed and granulated, causing at length impaired sight.

Internal and external remedies were prescribed by a leading physician for six months, was then introduced to another, and a consultation of several leading physicians was had, when a definite plan was decided upon, *but all to no purpose*.

After following advice for four months without any permanent cure, I bought two bottles of Cuticura Resolvent, two boxes of Cuticura, and some Soap, and can testify with great pleasure to the effect they have had in my case, in eight days being nearly cured.

The physicians pronounced my case the most aggravated one that has ever come under their experience and practice.

I recommend and highly indorse the Cuticura Remedies. Yours truly,

F. H. DRAKE,

Agent for Harper & Bros.' Publications. Clifford St. and Woodward Ave., Detroit, Mich., Jan. 24, 1879.

SALT RHEUM

On Face, Head, and Parts of Body. Head covered with Scabs and Sores.

Messrs. Weeks & Potter,—I commenced to use your Cuticura last July. Have only used one large and one small box, and one bottle of the Resolvent. My face and head and some parts of my body were almost raw. My head was covered with scabs and sores, and my suffering was fearful.

I had tried everything I had heard of in the East and West. My case was considered a very bad one. One very skilful physician said he would rather not treat it, and some of them think now I am only cured temporarily. I think not, for I have not a particle of Salt Rheum about me, and my case is considered wonderful. My case has been the means of selling a great many of your CUTICURA REMEDIES in this part of the country. Respectfully yours,

MRS. S. E. WHIPPLE.

A Little Social Talk with My Old Friends.

Thirty-four years experience in the scaly business has taught me how to bear up under the misfortunes of life. You all know where my place of business is located. I have recently had it repaired, cleaned, painted and fitted up as nice and sweet as a parlor, and keep it constantly stocked with all the choice salt and fresh water fish the country affords.

If my friends favor me with their patronage, I shall do my best to please and make them happy.

CELERY

As a Remedy for Nervous Diseases.

What the Medical Profession Say About It,

And the Good Results Attending Its Use

—IN—

Headache, Neuralgia, Nervousness, Indigestion, Sleeplessness and Paralysis.

Celery has only come into public notice within the last few years as a nervine, but scientific experimenters and experience have proved beyond a doubt that it controls Nervous Irritation and periodic Nervous and Sick Headache to a marked degree

Brown Sequard says that Celery contains more nerve food than any other vegetable or substance found in nature

Celery was first discovered and used as a nervine by French physicians, about 1867, but a combination of the EXTRACT OF CELERY AND CHAMOMILE, which has been but recently introduced to the profession and the public by Dr L W BENSON, has produced such marvellous results in curing Nervousness and Headache, and especially Nervous and Sick Headaches, Neuralgia Paralysis, Indigestion and Sleeplessness, that it has excited public attention and newspaper comments, and many physicians have tested the merits of this preparation with the best results, as quoted below from a few

WHAT PHYSICIANS SAY.

"Dr. Benson's preparation of Celery and Chamomile, for nervous diseases, is the most important addition made to the *materia medica* in the last quarter of a century"—Dr J W J Englar of Baltimore

"Dr Benson's pills are worth their weight in gold in nervous and sick headache"—Dr A H Schlechter of Baltimore.

"These pills are invaluable in nervous diseases"—Dr Hammond of New York

"Dr Benson's pills for the cure of neuralgia are a success"—Dr G P. Holmes of Christiansburg, Va

These pills are a special preparation only for the cure of special diseases, as named, and for these diseases they are worthy of a trial by all intelligent sufferers. They are prepared expressly to cure Sick Headache, Nervous Headache, Dyspepsia Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Indigestion, and will cure any case Price 50 cents, postage free. LETTER CARRIERS.

All letters are delivered free by carriers when addressed to street and number. People should notify correspondents of above and have their letters addressed accordingly.

Persons leaving their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number on, and they will be delivered earlier than if the same is put on at the office. Carriers make two deliveries daily, the first trip supplying the extremes of their routes.

Collections are made morning and evening in season for important mails.

Holidays the Carrier's Window will be open for the delivery of letters from 8½ to 9½ A M, and from 7½ to 8½ P M. Sundays from 8½ to 9½ A. M.

Any irregularities in the Carriers' department should be reported to the office.

No additional charge will be made for printing the name and request to return to on the left hand upper corner of the envelopes furnished by the Post Office Department, (samp es of which may be seen at the Cashier's window,) when ordered in lots of not less than 500.

A request for the return of a letter to the writer, if unclaimed within thirty days, or less, written or printed, with the writer's name, post office and State, across the left end of the envelope, on the face side, will be complied with.
